

PRAVEEN KALANSOORIYA

Full Stack Developer | UI/UX Enthusiast

Galle, Sri Lanka | +94 742926978 | kalansooriya615@gmail.com

SUMMARY

Bachelor of Information and Communication Technology (Hons) undergraduate with a strong foundation in Frontend Development and UI/UX design. Passionate about building responsive, user-centered web applications and writing clean, scalable code. Seeking a Software Engineering Internship to apply skills in JavaScript, Python, and modern frameworks.

CORE TECHNICAL SKILLS

Programming & Web: JavaScript, Python, HTML5, CSS, SQL

Frameworks & Design Tools: React.js, Node.js (MERN Stack), Tailwind CSS, Figma

Developer Tools & Methodologies: Git & GitHub, Visual Studio Code, Agile / Scrum

Business & Soft Skills: Analytical Problem Solving, Team Collaboration, Technical Documentation, Communication & Presentation

PROFESSIONAL EXPERIENCE

ARTEMSPHERE – Graphic Designer

2025 – Present

- Designed digital brand identities and marketing materials for multiple clients.
- Translated business requirements into visually engaging designs optimized for digital platforms.
- Collaborated with developers to ensure design handoffs were technically feasible and performance-optimized.

People's Bank – Cashier Intern

2022 – 2023

- Assisted in daily banking operations including cash transactions, customer service, and account handling.

- Supported customers with inquiries and basic banking services, improving service efficiency and customer satisfaction.
- Gained hands-on experience in financial systems, teamwork, and professional workplace communication.

PROJECTS

People's Bank UI Redesign & Interactive Prototype

- Analyzed user pain points in banking interfaces to improve navigation flow and usability.
- Designed high-fidelity interactive prototypes focused on reducing transaction friction and improving accessibility.
- Proposed user-centered design solutions aligned with modern banking UX standards.

Meloxia Web Project - Web Design & Development

Live Demo: <https://meloxia.me>

- Designed and developed a responsive website with a modern UI/UX layout.
- Implemented using MERN stack with modern design principles.
- Showcased branding, content layout, and visual identity for a digital platform
